KID'S SAFETY PROGRAM

This one-day program is sponsored by the Fayette County Parks and Recreation and the Fayette County Sheriff's Department. Children who take this program will learn:

NEW!

STRANGER DANGER

- How to make safe choices when approached by strangers. It will also reduce the fear and anxiety in children by providing them with skills and knowledge to react safely to frightening experiences through video and role playing.

HOME ALONE

- Children who spend a few hours home alone before or after school will benefit from **HOME ALONE**. This topic is designed to prepare children to look after themselves in a confident manner through video and interactive lessons.

INTERNET SAFETY FOR CHILDREN

EDUCATE*ENGAGE*ENPOWER

Personal computers are no longer the only method used for accessing the Internet. Children can go online from personal computers at home, a friend's house, in school, a library, club, or cafe. Many game consoles can be connected to the Internet and used for chatting and other online interaction. It is also possible to access the Internet on mobile devices such as cellular telephones and other handheld devices. In other words, children don't have to be in the company of responsible adults to use the Internet.

If your are interested in having your child attend a class on **Internet Safety** contact us at the number listed below.

HEELY OBSTACLE AND FUN DAY

This special event features "heelers" from the **Team HEELY** skate team performing tricks and signing autographs. Bring your own heelys for a day of fun including an obstacle course, relays, and open play. The Fayette Safe Kids Coalition will teach safety tips for heelys and other wheeled sports including how to properly fit helmets and other safety equipment.
